MISSION STATEMENT

The Graduate Student Government seeks to create a forum for graduate student advocacy while acting as a conduit between students, faculty, and administration at the University of Delaware. The Government supports campus-wide activities facilitating graduate student professionalism and collegiality.
The GSG logo represents the most important functions of our organization – community building and advocacy.

**Community Building:** Each of the individual circles is the official color of a college at UD. The overlapping circles represent the GSG bringing together students from all different colleges and programs.

**Advocacy:** The shape of the non-overlapping portion of each circle resembles a megaphone, analogous to us “speaking out” on the behalf of our constituents, the graduate students.
