

Explanation of Changes to the PhD in Communication Program Policy Statement

The School of Public Policy and Administration changed the course number and title for a course approved last year with the PhD in Communication Program Policy Statement. UAPP808 – Qualitative Research Methods for Program Evaluation is not in the course catalog as SPPA808 – Qualitative Research Methods.

The only changes to the PhD Program Policy Statement can be found on pages 4 and 28 where UAPP808 was changed to SPPA808.
