APEC (Dr. Tom Ilvento, chair)

Ilvento, Thomas W

4:54 PM (15 minutes ago)

to Ethna, Esther, Cathy, Jake, Stewart, Brian, Anna, Limin, Mark, me, Dawn

Mark,

APEC supports this new Master's degree and we will have sufficient room ton STAT608 and STAT656 for these M.S. students.

ENWE (Dr. Jacob L. Bowman, chair)

Bowman, Jacob L

11:28 AM (3 minutes ago)

to me

Dear Mark,

I reviewed your proposal regarding including two of our graduate-level ENWE courses in your non-thesis Master's option in Animal and Food Science (Veterinary Bioscience, Biotechnology and One Health). You have my department's permission to list ENWC 610 and ENWC 611 in the curriculum for your program. Take care,
Jake

College of Arts and Sciences

BISC (Dr. E. Fidelma Boyd, chair)

Boyd, Ethna Fidelma

12:38 PM (4 hours ago)

to me

Dear Mark,

The Department of Biological Sciences can accommodate 2-3 additional students in the BISC courses listed as part of your ANFS non-thesis Masters program.

Sincerely

Fidelma

E. Fidelma Boyd, Ph.D.

Professor and Interim Chair

CHEM (Dr. Brian Bahnson, chair)

Brian J. Bahnson

12:33 PM (29 minutes ago)

to me

Dear Mark,

The inclusion of the listed graduate courses as an elective for your non-thesis MS would be fine. I wish you the best of luck in launching this addition.

Best,

Brianb

PSYC (Dr. Robert F. Simons, chair)

Robert F Simons
to me

9:57 AM (39 minutes ago)

Dr. Parcels,

We have gone over your proposal regarding including one of our graduate-level neuroscience (NCSI) courses in your non-thesis Master's option in Animal and Food Science. We would be pleased to cooperate and would look forward to having your students in our Neuroimmunology class or any of our graduate NCSI offerings for that matter.

Sincerely,

Robert F Simons
Professor and Chair
Department of Psychological and Brain Sciences

BINF (Dr. Cathy Wu, Chair and Director)

Cathy Wu

11:07 AM (6 minutes ago)

to Karen, me

Hi Mark,

Thanks for sharing. Indeed, this new ANFS non-thesis MS program will be a great addition to your ANFS graduate options.

Our bioinformatics graduate program will be fully supportive of your proposal and will be able to handle the suggested increased enrollment for the BINF courses listed:

CAS BINF 644 Bioinformatics
CAS BINF 650 Protein Modifications
CAS BINF 694 Systems Biology I

Please note a correction needed for the listing: CAS above should be changed to COE.

Best of luck with your new program!

Best, Cathy

BMEG (Dr. Dawn Elliot, Chair)

Elliott, Dawn

11:07 AM (46 minutes ago)

to Ashutosh, Sarah, me

Hi Mark,

I approve using BMEG679 for your Master's program. I would only note that the course is capped at 30 total students and is a popular undergraduate tech elective in BME and graduate course. BME students will get priority for enrollment. Based on the last couple of years, I believe there would be seats for a couple of your students.

Best of luck with the new Master's!

Dawn Elliott

MMSC (Dr. Esther Biswas-Fis, chair)

Esther Biswas

5:02 PM (5 minutes ago)

to Thomas, me, Ethna, Cathy, jbowman, sshapiro, Brian, klintsova, Dawn, Iksilage, Mark

Good afternoon Mark,

Thank you for sharing your plans for the new ANFS non-thesis MS program. The Department of Medical and Molecular Sciences is highly supportive of this new interdisciplinary master's program and will have sufficient room in MEDT courses for these students.

With best regards,

Esther
