Educational Activities Committee
College of Engineering

In fall 2019, we successfully launched a new MS in Robotics program to be administered by the Department of Mechanical Engineering. Our goal is to grow this program substantially in the near future.

We also recognize that this program may attract our students interested in a 4+1 degree. This matter was discussed in the Mechanical Engineering faculty meeting on October 2, 2019 and our faculty voted unanimously to offer the MS Robotics degree under the 4+1 option.

Therefore, we are submitting this proposal to create a new 4+1 BME/MS Robotics degree.

A handwritten signature in black ink, appearing to read 'Ajay K. Prasad', with a long horizontal flourish extending to the right.

Ajay K. Prasad, PhD
Engineering Alumni Distinguished Professor and Chair
Department of Mechanical Engineering
